MEDICAL

The above cut represents the Hon. Daniel & Dickinson, former Attorney General of the United States, as seen when attacked with STRANGULATED RUFTURE.

Mr. Dickinson suffered intensely, notwithstanding he had she best surgical aid. Everything was done that science could suggest, and as the last remedy the knife used, and yet he died in great anguish on the third age. This is a fearful warning to those who are ruptured.

Casually noticing in your paper a recommendation of Dr. Sherman of your city, and about
